ACPE APPENDIX 1

Pathology/Pathophysiology

Basic principles, mechanisms, functional changes and metabolic sequelae of human disease impacting cells, organs, and systems.

Human Physiology

Homeostatic function and normal response reactions across the lifespan of non-diseased human cells, organs, and systems.

V. Course Specific Objectives and Outcomes

room. No other paper items will be allowed during the exam unless supplied by the faculty administering the exam. All exams must be uploaded before leaving the classroom; in the event of a power outage or loss of Wi-Fi connection all students are required to upload the exam at the earliest possible reconnection time, however proof of exam closeout will be required prior to leaving the classroom.

- x Students wishing to review their exams with the course coordinators or with a specific faculty member must do so within 2 weeks of when the exam scores are posted, or within 1 week of the time that the score for the final exam is posted.
 - x Problems or issues with a question should be first directed, via e-mail, to the person who wrote it. The course coordinator(s) should be copied on this email, but it is the responsibility of the question's author to address the concern(s). If the student is unsure which faculty member wrote a specific question, then he or she may ask the course coordinator. In the written challenge, the student is expected to include references or rationale to support their challenge of the question. The challenge will be reviewed by the faculty member, and his or her decision will be shared with the course coordinator(s). Discussion of a dispute will occur only after the written query is submitted. Challenges of test questions for the first 4 exams will only be considered within 2 weeks of when the test scores are posted. For the final examination, challenges of test questions will only be considered within 1 week of the time that the scores are posted.
 - x In the event that there is an issue with a particular test question, adjustments to scores will be made based on discussions between the test question writer and the course coordinator.
 - x The use of programmable calculators and electronic devices capable of storing, receiving or transmitting data are prohibited during an exam or quiz unless expressly authorized by the course instructor. Such

X.**Course Schedule – PHRD 4035 Pathophysiology II**
Class will meet in Bienville 340 Monday, Wednesday and Friday at 10:00-10:50am

#	Day	Date	Instructor	Topic
1	Wednesday	1/17/2024	Dr. Barabutis	Concepts of the Immune System
2	Friday	1/19/2024	Dr. Barabutis	Lymphoid Organs and Tissues
3	Monday	1/22/2024	Dr. Barabutis	Antigen Recognition
4	Wednesday	1/24/2024	Dr. Barabutis	Humoral Immunity
5	Friday	1/26/2024	Dr. Barabutis	Inflammation and Complement
6	Monday	1/29/2024	Dr. Barabutis	Cell-Mediated Immunity
7	Wednesday	1/31/2024	Dr. Barabutis	Hypersensitivity/Allergy
8	Friday	2/1/2024	Dr. Barabutis	Immunodeficiencies, Transplantation
9	Monday	2/5/2024	Dr. Jackson	Urinary System: Kidney Function
10	Wednesday	2/7/2024	Dr. Jackson	Basic renal processes (including glomerular filtration, transport)
